Internet Safety

ZIP IT

Keep your personal stuff private and think about what you say and do online.

BLOCK IT

Block people who send nasty messages and don't open unknown links and attachments.

FLAG IT

Flag up with someone you trust if anything upsets you or if someone asks to meet you offline.

- Keep your identity a secret.
- Don't give out personal information.
- Show your parents which websites you visit.
- Be extra careful with strangers.
- Tell your parent/guardian if someone is making you feel uncomfortable.
- Protect your username and password.
- Be nice to people online.

Cyberbullying – Part 1

- Cyberbullying is bullying through the Internet.
- Some examples are:
 - > Texting someone a mean message.
 - > Posting lies or rumors in a blog or message board.
 - > Posting a video or picture online with the intention to embarrass someone.
 - > Harassing another person in a chat room.

Cyberbullying – Part 2

- Cyberbullying can cause mental distress and physical pain even though no actual physical contact is made.
- Bullies prefer to hide their identity with online harassment.
- Tell an adult (someone in charge) or your parent/guardian that someone is bullying you.
- Save and print records of any messages, texts, etc. that you receive from a bully.
